4. Multiple Speaker Credits

One speaker – Double the approved lecture length.

More than one speaker – Double the approved lecture length divided by the number of speakers. Any CE activity that breaks down to less than 0.5 credits cannot be claimed for speaker credit.

An R.T. should not claim credit for preparing and presenting an activity if that presentation is a requirement of his or her employment. Persons employed to teach or present educational sessions are considered "experts" on the topic and are employed as a result of that expertise. A speaker may not claim credit for attending his or her own lecture.
