

I care about  
**you.**

I'm a registered  
radiologic  
technologist.

I'm an educated, certified health care professional who is an expert in performing the medical imaging exam or radiation therapy treatment you'll receive today.

I promise to:

- ★ **Keep you safe and comfortable.**
- ★ **Provide you with an accurate exam or treatment.**
- ★ **Answer your questions and address your concerns.**
- ★ **Treat you as I would a member of my own family.**
