

ASRT 2025 Educational Symposium

All courses are approved for 1 Category A CE credit and 1 MDCB credit. ASRT has determined in its best judgment that courses meet additional state and regulatory CE Requirements as listed below

Title	Texas	California	MQSA	Digital	Fluoroscopy	Rad Safety
Air Force One: Zero Fail Mission	Indirect					
An Update on New MQSA Regulations	Indirect		Accepted			
AI in Medical Imaging: Current Applications, Ethics and Future Implications	Direct					
Designing a C-arm Curriculum for Your Radiography Program	Direct	0.50		0.50	0.50	
Implementing Independent and Interdisciplinary Simulations in Radiologic Science Curriculum	Indirect					
AI Tools for Academic Research	Indirect					
The Truth About Resistance and How to Overcome It	Indirect					
Disagreement Doesn't Need to Be Divisive	Indirect					
Providing Care to Patients With Intellectual and Developmental Disabilities	Indirect					
Do's and Don'ts for Peer-reviewed Publication	Indirect					
Too Hot to Handle! The Role of a Radiologic Technologist as a First Receiver During a Radiologic Incident	Direct	1.00		1.00		Accepted
Advancing a Culture of Acceptance in Today's Medical Imaging Environment	Indirect					
Radiology in Emergency Department Cases	Direct	1.00		0.50		
Be Fast: Time Is Brain	Direct	1.00		0.50	0.50	
Measuring Burnout in Radiologic Science Educators	Indirect					
From Pixels to Precision: Exploring Resolutions in Medical Imaging Modalities	Direct	0.5		0.5		
Marfan Syndrome: Rare Genetics You Can Spot in a Crowd	Indirect					
Imaging the Cervical and Thoracic Spine	Direct	1.00		1.00		
Bringing Passion Back Into Our Profession Through Advocacy and Involvement!	Indirect					
Update on Shielding Best Practices From the NCRP	Direct					Accepted
GE HealthCare Hour: Innovation in Training: The Modern Learning Landscape	Indirect					
ARRT 101	Indirect
