### **Most Memorable Experiences:**

It was a truly remarkable year to serve at Chair of the Board and I could not have asked for a more amazing group of professionals to work with on the Board. We had a blast this year, even under the challenging circumstances of the pandemic and ever-shifting work and travel recommendations. I want to thank each and every one of my fellow Board members for being the most professional, thoughtful, and fun people on the planet.

The most memorable thing from this year was working on (and hopefully completing) the process of our search for the ASRT's next CEO-ED.

### **Closing Remarks:**

It has truly been an amazing journey serving on the ASRT Board. Time has absolutely flown since I was first elected as vice speaker of the House back in 2013 and now, nine years later (eight serving on the Board), I have more people to thank than I could ever mention but there are a few that need special attention.

First, I do need to give the biggest thanks to my wonderful wife, Michelle, for always being the most amazing and supportive person a guy could ask for; I couldn't have done this without you! I love you, Michi.

Next, I want to thank my fellow Board members from this year and also from years past. You all have been the best colleagues to work with as we took care of the business of the Society. I also have to thank Sal Martino. Sal, you have been the best leader, mentor, and friend. Thank you for all your support and guidance over the years.

Next, a big thank you to all of the ASRT staff, both current and former, who have been so spectacular over the years, and this includes a HUGE thank you to Sylvia McLaughlin for all of your help and very gentle reminders over the past nine years!

Lastly, I need to thank the members of the ASRT who allowed me to have this wonderful opportunity. Serving the Society and our members has truly been the pinnacle of my professional life and I could never thank you all enough!
