Most Memorable Experiences:

I have thoroughly enjoyed attending meetings of other organizations as an ASRT representative. The most memorable experience I had this year was when I had the opportunity to attend the American College of Radiology Annual Meeting in Washington, D.C. I attended this meeting with ASRT Associate Executive Director Dr. Melissa Pergola, ASRT Chair of the Board Mike Odgren and ASRT President-elect Danny Gonzales. This was the ACR's first in-person meeting since the COVID pandemic, and the ASRT had an important issue to address – MARCA. Our ASRT team collaborated with the ARRT CEO and Board of Trustees, and we made positive strides to speak on behalf of the radiologist assistant. I could not be prouder of the way our Society was represented by Dr. Melissa Pergola and Mike Odgren when they addressed the ACR during this meeting! Something else that made the 2022 ACR Annual Meeting memorable to me was that three radiologists from the institution where I work, University of Mississippi Medical Center, were inducted as ACR fellows. They have all been instrumental leaders for our programs and have been such a tremendous support to me, my faculty, and our students. The fact that I was present at the ACR meeting to support them during their prestigious honor's ceremony is a memory I will forever cherish.

Closing Remarks:

This year has been nothing short of amazing! It has been a tremendous honor to serve as ASRT president. The ASRT is so blessed to have such an incredible team working behind the scenes to support its members and our profession. Serving on the ASRT Board of Directors and as president this year is the most rewarding experience I have ever had, and I am so grateful to have had this opportunity to give back to my profession!
