- ASRT Practice Standards Council Subcommittee Orientation
- CEO-ED Search Committee Meetings and Second Round, In-Person Interviews
- ASRT Preconference Board of Directors Meeting
- ASRT Educational Symposium and Annual Governance and House of Delegates Meeting

Most Memorable Experiences:

An absolute highlight of the year has been the opportunity to participate in the search process for the next chief executive officer of the ASRT. I know it goes without saying that there are some pretty enormous shoes to fill! In full recognition of the magnitude of this task, the Board of Directors has worked incredibly hard on this initiative, and I feel most privileged to have been a part of it. I am also very proud to be a part of our new ASRT Task Force on Patient Shielding. ASRT members will be hearing more about our team's purpose and goals over the coming months. I'm confident that we'll help clarify some of the misconceptions still out there and will help our colleagues successfully implement appropriate changes in their practice of patient shielding. At this point in my career, my goal is to try to do important work with great people, and my volunteer service with the ASRT over the past year has exceeded this goal, as always!

Closing Remarks:

I want to thank the ASRT House of Delegates for electing me to a serve as your speaker for 2021-22. It is a tremendous honor to serve the profession that we all love! I also want to thank all of the wonderful volunteers that I've had an opportunity to work alongside over the past year. There are so many of our colleagues who sacrifice tremendous time and energy on behalf of the ASRT and our profession. It is humbling to be a part of those ongoing efforts. Thanks of course to the ASRT executive team and staff, our vice speaker, Shellie Pike, and the entire ASRT Board of Directors. I am truly honored to work with each of you.

A handwritten signature in cursive script, appearing to read "J. Se. Main".
