June 2026

- ASRT Preconference Board of Directors Meeting
- Sergeant-at-Arms Onsite Orientation
- ASRT Educational Symposium and Annual Governance and House of Delegates Meeting

Most Memorable Experiences:

The past 12 months have been filled with many memorable experiences. Witnessing the second phase of the Be Seen campaign rollout was incredible. Allowing each discipline to be highlighted not only creates understanding for our patients and the public, but it also shows the value we bring to our patients. The Be Seen campaign continues to push medical imaging and radiation therapy to new levels. Presenting to the Connecticut Society of Radiologic Technologists, South Carolina Society of Radiologic Technologists and Nevada Society of Radiologic Technologists was a great experience as well. Being able to meet with affiliate members and learn about the positive work they are doing to advocate for our profession is an honor. Finally, working with my fellow Board members. I am proud of the decisions we made and the collaboration we brought to every decision.

Closing Remarks:

Wow! My third year on the ASRT Board of Directors has come to an end. I am grateful for the opportunity to serve on the Board and represent the membership. To my fellow Board members, thank you for bringing your passion to work for the best possible outcome. While some decisions are easy, others are tough and I appreciate the presence each of you brings to the decision. Madame Vice Speaker of the House Carmen George, thank you for collaborating with me. It was a pleasure to work with you. To the ASRT volunteers, thank you for sharing your spare time with the ASRT. Your dedication, knowledge and passion are unwavering. Dr. Melissa B. Pergola and the legendary ASRT staff, thank you for all your dedication. Your work creates an exemplary organization. Finally, a big thank you to my family, friends and colleagues who helped to cover my personal and work responsibilities.
