- ASRT Educational Symposium and Annual Governance and House of Delegates Meeting
- ASRT Postconference Board of Directors Meeting
- Texas Radiologic Science Program Visits

### Most Memorable Experiences:

The relationships built this year have been nothing less than impactful. As we continued to navigate through changing standards, we captured the opportunities to connect and empower our networks. Our participation in various state meetings, presentations and events energized our connections as well as drove important conversations. Each experience allowed me to focus on championing our visibility, recognition, and appreciation, internally and externally. This year emphasized advocacy as more than a topic, but a culture not to be discounted.

### Closing Remarks:

Have pride in your modality, but take purpose in our profession. Our success will be most effectively achieved as one team. We will continue to manifest our momentum into tangible results. We are shareholders in patient care, and the opportunity to champion our image is one we will not forfeit.
