#### **Most Memorable Experiences:**

I would say the highlight of serving on the ASRT Board this year was being able to represent ASRT at the Iowa Society's Annual Meeting in April. The experience challenged me on both a personal and professional level. I appreciated the opportunity to meet and network with fellow technologists and students around Iowa and present on a topic that is close to my heart.

#### **Closing Remarks:**

It has been a pleasure serving on the ASRT Board this year. Thank you to everyone who believed in me enough to elect me to the Board of Directors; you have allowed me to be fully immersed in the wonderful governance process working with an amazing group of volunteers. Over this last year, listening to the voices of our members through direct contact as well as online forums (e.g., ASRT Communities, Facebook, etc.) has been a highlight of serving. While the ASRT Board may not directly reply to every member's comment, I hear everyone and will continue to advocate for what is best for the Society and the members alike. Additionally, it has been a pleasure to serve on the CEO search committee. Being able to see the CEO search process unfold and come to fruition has taught me so much and allowed me to see the big picture of what is important to our members.
