# Get Started

## Welcome

to the American Society of Radiologic Technologists!

You've taken the first step toward advancing your career. As an ASRT member, you'll be pleased to discover how easy it is to get the support and resources you need.

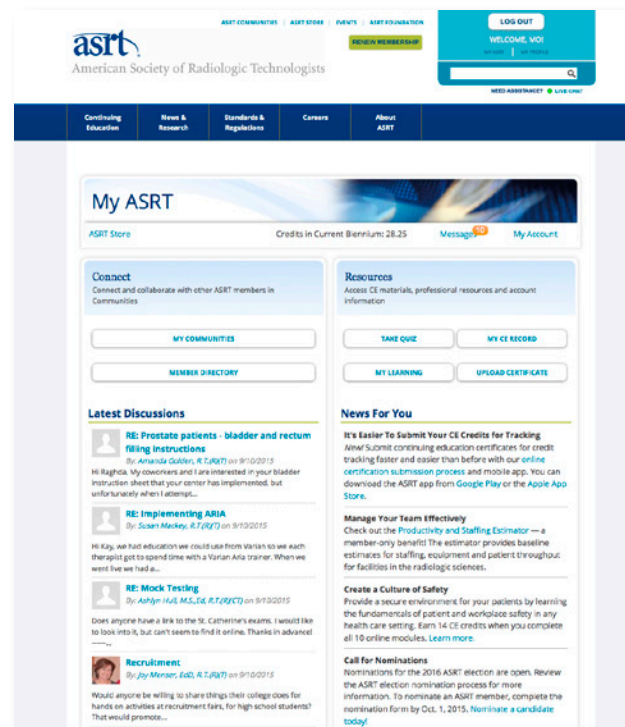

## My ASRT

Easily manage your account in one place at [asrt.org/myasrt](http://asrt.org/myasrt).

Here you can:

- Keep track of how many CE credits you've earned.
- Access Directed Reading quizzes and purchased courses.
- Upload CE certificates and track the approval process.
- View past orders and receipts.
- Print your membership card.
- See recent discussions and shared files in the ASRT Communities.
- Find your colleagues in the member directory.
- Browse volunteer opportunities and new job postings.
- Access frequently used links like Practice Standards and CE requirements.

# Get Credits

## Making It Easy for You

Earning continuing education credit is convenient and easy for members.

### How to Take a Directed Reading Quiz

Members receive ASRT journals bimonthly. Each issue contains two Directed Reading articles with accompanying quizzes for CE credit. The easiest way to submit your answers for immediate grading is to complete the quiz online.

1. Visit [asrt.org/myasrt](http://asrt.org/myasrt) and log in or create your Web account.
2. Select "Take Quiz" under Resources.
3. Select "Take Quiz" next to the quiz you'd like to complete.
4. Choose your answers and submit the answer sheet for grading.

A confirmation screen will display your quiz results and your Certificate of Completion.

### Enjoy CE Credit Track and Transfer

Each time you earn CE credit by completing a Directed Reading quiz or an ASRT CE product, we'll add the credits to your CE record. Your CE record is available from My ASRT and contains an entire history of all the CE credits you've earned.

In addition, we'll send a record of your earned CE credits to the ARRT, ARDMS, NMTCB and/or MDCB. This makes it easy to renew your registrations and certifications. Learn more at [asrt.org/trackandtransfer](http://asrt.org/trackandtransfer).

## How to Submit CE

If you've earned additional credits through conferences, professional events or other CE providers, you can submit those certificates for tracking in your online CE record.

### ASRT App

Download the ASRT App to easily snap a photo and submit your CE certificate from a mobile device. The app is available for Apple and Android phones.

### Online

Log in at [asrt.org/myasrt](http://asrt.org/myasrt) to upload your CE certificate from your computer or check the status of a previous submission.

## Helpful Answers for You

The ASRT Office of Practice Standards publishes materials to establish compliance criteria and help define the roles of radiologic technologists and radiation therapists. These documents include:

- Scopes of Practice.
- Practice Standards.
- Advisory Opinions.
- Position Statements.

Find these resources and more at [asrt.org/practicestandards](https://asrt.org/practicestandards).

To ask questions about specific practice issues, contact the Office of Practice Standards at 800-444-2778 or e-mail [askthecouncil@asrt.org](mailto:askthecouncil@asrt.org).

# Get Involved

## Strength in Numbers

With more than 153,000 members, we work together to serve as a unified voice on issues that affect R.T.s and patients.

Together with our affiliates, we monitor hundreds of regulatory issues ranging from equipment standards to patient care, scope of practice, educational standards, licensure and workplace hazards.

### Track State Legislation

Review the legislation that affects you with our state tracking tool at [asrt.org/statetracking](https://asrt.org/statetracking).

### Be a Leader

ASRT exists because of our members but excels because of our volunteers. Explore officer positions, national chapter delegate positions and training through the ASRT Leadership Academy at [asrt.org/volunteers](https://asrt.org/volunteers).

### Voice Your Opinions

Join the more than 1,700 volunteers who advocate for the profession as volunteers in the Grass-roots Network. You'll receive up-to-the-minute news about legislative and regulatory issues so you can contact your representative and senators on Capitol Hill and in your state. Sign up at [asrt.org/advocacy](https://asrt.org/advocacy).

### Share Your Knowledge

Write for an ASRT publication or speak at an educational conference. Both opportunities are great ways to share your expertise and give back to your profession. Visit [asrt.org/writers](https://asrt.org/writers) and [asrt.org/submitabstract](https://asrt.org/submitabstract).

### Connect With Peers Near You

Become part of the action by joining an affiliate, a regional organized group of radiologic technologists. Affiliate societies provide conferences, networking and leadership opportunities for professionals and students alike. Connect with your affiliate at [asrt.org/affiliates](https://asrt.org/affiliates).

### Keep Up with ASRT News

Designed for leaders and volunteers, the Leader's Connection newsletter will provide you with updates on ASRT House of Delegates happenings, legislation, affiliate tools, compliance information and more. Read on at [asrt.org/leadersconnection](https://asrt.org/leadersconnection).

### Show Your Professional Pride

National Radiologic Technology Week® annually recognizes the vital work of radiologic technologists nationwide. Plan to celebrate with activities and NRTW promotional products. Get ideas at [asrt.org/nrtw](https://asrt.org/nrtw).

# Get Informed

Keep up-to-date with current trends, new developments and hot topics in medical imaging and radiation therapy. In print, online and in person, you can find the information you need to stay current in your profession.

## Radiologic Technology

*Radiologic Technology* is the official scholarly journal of the ASRT. This award-winning publication is provided to members every other month and contains the Directed Readings you need to get your CE credit.

## ASRT Events

Meet other professionals and learn together at an ASRT event. Held annually, the ASRT Educational Symposium, Radiation Therapy Conference and ASRT@RSNA offer live continuing education.

## ASRT Scanner

*ASRT Scanner*, delivered every other month, focuses on your career, your profession and your membership with entertaining articles and thought-provoking features.

## ASRT rEsources

*ASRT rEsources* is our monthly electronic newsletter. Each issue introduces readers to member benefits, upcoming events, CE products and other information related to your career and professional development.

## More Ways To Stay Informed

Visit [www.asrt.org](http://www.asrt.org) regularly for **News and Announcements** relevant to the profession.

Curious about new research and data in the field? The **News and Research** section of our website offers a collection of polls, research, white papers and additional educational resources that are relevant to the profession. Review the latest studies and surveys at [asrt.org/research](http://asrt.org/research).

We're everywhere you are! Keep in touch with ASRT via social media.

# Get Connected

## ASRT Communities

The ASRT Communities is a private, online social network for members only. The highlight of the Communities is a set of discussion boards where members can connect with the people and resources they need to get answers to their professional questions and advance their careers. You can join in on thousands of discussions that happen every month!

## Top Seven Features of the ASRT Communities

### Personal Profile.

Share your educational background, job history, awards and more.

### Discussions.

Start or contribute to discussions, connect with experts and view posted resources.

### Shared Files.

Share videos, images and documents to build a profession-wide knowledge base.

### Member Directory.

Search for members and send them messages directly.

### Recognition Ribbons.

Earn virtual ribbons for membership duration, discussions, donations and volunteering.

### E-mail Notifications.

Receive convenient e-mails summarizing activity in your Communities.

### Mobile Friendly.

View and reply to discussions directly from your phone, tablet or e-mail.

Find a step-by-step guide to learn how to use the Communities at [asrt.org/communitiesguide](http://asrt.org/communitiesguide).

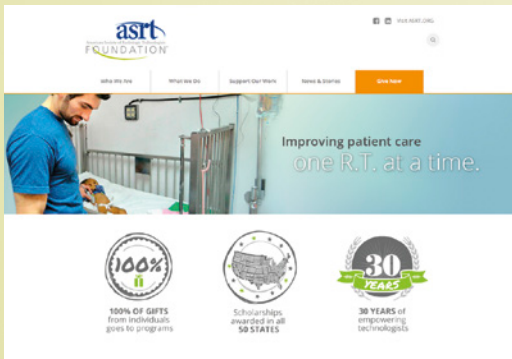

**asrt** COMMUNITIES  
SHARING IS GOOD

# Get Inspired

Make a difference with the ASRT Foundation. Be inspired by efforts to empower medical imaging and radiation therapy professionals and students. The ASRT Foundation raises money to help individuals, elevate the status of the profession and improve patient care.

## Discover Your Potential

Whether you're currently in school or simply considering furthering your education, the ASRT Foundation's scholarship program can give you the help you need to be successful. With dozens of awards available to professionals and entry-level students, chances are good there is something for you.

## Imagine the Possibilities

Progress is made by exploring and pushing boundaries, but getting started can be tough. This is why the ASRT Foundation helps members like you by providing research funding and travel grant opportunities.

## Connect With Your Peers

Sometimes we all need a little motivation. Fortunately, the ASRT Foundation has the tools to move almost anyone out of a rut. Whether you want to read encouraging stories from award recipients and community outreach participants, make connections through our Facebook page, or find volunteer opportunities, we have what you need.

## Give Back

The radiologic science community abounds with generosity. Not only have R.T.s volunteered their time and expertise, but since its creation in 1984 the Foundation has awarded more than \$3 million in grants and scholarships. Our donors and volunteers know that building supportive relationships will carry the profession well into the future.

[foundation.asrt.org](http://foundation.asrt.org)

## Advance Your Career

Whether you're just starting your career in the radiologic sciences or you're an experienced technologist, we have tools to help boost your career.

## Job Search Resources

### ASRT JobBank®

Search and apply for jobs, sign up to have job alerts e-mailed to you and upload your résumé.

### ASRT Salary Estimator

View and compare wages by state, discipline, facility type and education level.

### Career Essentials Videos

Access helpful videos and review best practices for résumés, job searches and interviews.

## Employer Resources

### Wage and Salary Survey

Compare your organization's salaries and staffing levels to national statistics and trends.

### Advertise Job Openings

Promote career opportunities to technologists through the ASRT JobBank® and advertising in ASRT publications.

### Productivity and Staffing Estimator

Get a baseline estimate for staffing, equipment and patient-throughput for your facility.
