

About the American Society of Radiologic Technologists

The American Society of Radiologic Technologists, based in Albuquerque, N.M., represents the health care professionals who perform medical imaging procedures or plan and deliver radiation therapy. The Society is the largest radiologic science association in the world. Its mission is to advance the medical imaging and radiation therapy profession and to enhance the quality of patient care.

Facts

- Founded in 1920.

- Located in Albuquerque, N.M., since 1983. (15000 Central Ave. SE, Albuquerque, N.M. 87123-3909)

- Is a 501(c)(6) nonprofit professional association.

- Employs more than 100 employees.

- Publishes two peer-reviewed scientific journals annually. *Radiologic Technology* is printed six times a year and *Radiation Therapist* twice a year.

- Distributes its member newsmagazine, *ASRT Scanner*, six times each year.

- Tracks all member Category A or A+ continuing education credits and transfers them to the American Registry of Radiologic Technologists.

- Home to ASRT Museum and Archives, the only museum of its kind that highlights the history of the radiologic technology profession.

- Creators of Radcademy®: Inspiring young learners to discover the cool science behind medical imaging and radiation therapy. asrt.org/radcademy
